

RESEARCH IN NINR AREAS OF EMPHASIS

CONCEPT PROPOSAL

106th Meeting of the National Advisory Council for Nursing Research | January 25, 2022

David Tilley, MPH, MS

Program Analyst

NINR Division of Extramural Science Programs (DESP)

National Institute
of Nursing Research

Concept: Research in NINR Areas of Emphasis

- New NINR Strategic Plan out later this year
- Some NIH Institutes issue Funding Opportunity Announcements (FOAs) highlighting areas in their strategic plans
 - Broadcasts research interests to the scientific community
 - Simplifies the application process for investigators
- **Proposal:** Issue similar companion FOAs to the new NINR Strategic Plan to maximize the number of relevant grant applications NINR receives

Research Lenses – Examining Health Challenges

Health Equity

Social Determinants
of Health

Population and
Community Health

Prevention and Health
Promotion

Systems and Models
of Care
